FIVE BILLIONS IN APPROPRIATIONS CONGRESS BUDGET

(Continued from First Page)

rides, we want to be back here so that we can shake hands with the president while he is in the city.

"I would rather shake hands with my constituents," Mr. Clark replied.

The vote in the house in favor of the recess was 123 to 89, while only half a dozen senators were in their seats when the session ended in the upper branch.

Mr. Mondell in a statement inserted in the Congressional Record just before adjournment declared "there had been a saving of approximately \$800,000 in the six direct supply bills, which were passed in the closing hours of the 66th congress as compared with the amounts carried by the same bills which failed in the closing hours of the 65th congress, and a saving of \$100,000,000 on the railroad deficiency bill as compared with the estimate of the railroad administration of a total reduction of \$1,250,000,000."

Mr. Mondell said the principal saving other than the reduction in the railroad fund request were \$442,000,000 in the army appropriation bill, \$231,000,000 in the naval bill, and \$247,000,000 in the sundry civil appropriation bill.

Much Work Done.

Pointing out that congress had been in session 35 days, Mr. Mondell said that in addition to the reduction that congress had adopted, the women's suffrage resolution, repealed the day-light saving law, passed the bill ending wire contracts and a bill appropriating \$6,000,000 for the rehabilitation of disabled soldiers and sailors. He also pointed out that the judiciary committee had reported legislation for enforcing war-time and constitutional prohibition and announced that as soon as the house convenes on July 8 this legislation would be given immediate consideration.

The record up to date is all that could have been hoped for or expected," concluded Mr. Mondell's statement. "The members will return from their brief vacation prepared to carry forward a program of constructive legislation."

The measure provides for the lease to states, municipalities or corporations water power sites on navigable rivers, public lands and public reserves not to exceed 50 years. The right to re-entire the site at the end of that period on payment of reasonable compensation is reserved to the government.

Army Bill Cut.

Representative Baker, Democrat of California, demanded a separate vote on an amendment to the bill providing for the repeal of the provision of the rivers and harbors act creating a commission to investigate the water resources of the country. The amendment was carried by a vote of 123 to 89.

The senate late Tuesday night adopted the conference report on the army bill and the measure now goes to the president carrying a total of \$775,000,000, a decrease of \$14,000,000 from the amount carried in the bill as reported by the conference.

The conference report was approved in the senate without a record vote and after brief debate. Senator Charles McNary, Democrat of Oregon, criticized the reduction in the army and the amendment inserting a provision for construction work on Camp Benning, Ga., and Bragg, N. C.

Baker Defended.

The Georgia senator in discussing the reduction in army personnel from the 400,000 figure provided in the senate bill declared that it was a "blind lack of intelligence or vision."

"At least we ought to keep 400,000 men," said Senator Smith, adding that this action "practically scraps" the American.

Senator Smith defended Secretary Baker's action in ordering the construction of Camp Benning, saying that was done on the advice of the general staff, and that the senate amendment which would prevent the war department from carrying out obligations incurred at the time the armistice was signed. He said that politics was in no way responsible for the selection of the camp site, but that it was made purely because of military reasons.

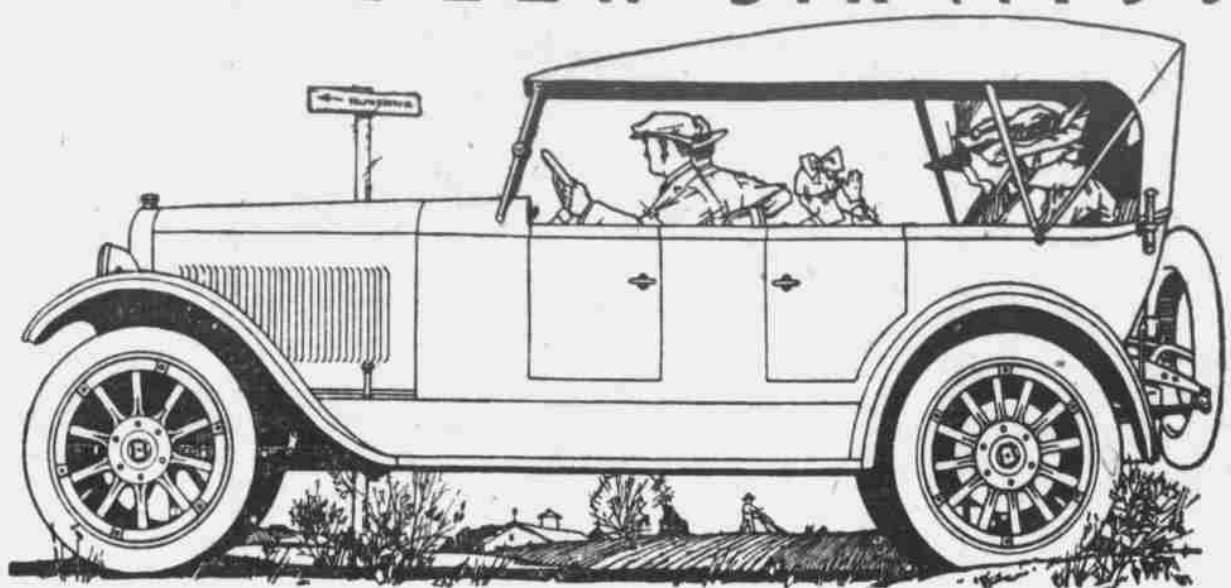

Replying to the Georgia senator, Senator Leavelle, Republican of Wisconsin, said that in ordering this construction to proceed it was very evident that the war department had taken \$1,000,000 appropriated by congress for war purposes for the peace uses and said that the defense that the secretary of war had acted upon the advice of the general staff was groundless. The general staff, he said, had no more authority to make use of this money than the secretary of war.

JAPANESE DENY GERMAN ALLIANCE

PARIS, July 2.—The Japanese peace delegation have issued a categorical denial of a statement appearing in a newspaper printed in English in Paris to the effect that Japan and Germany had arranged a secret alliance, aimed essentially to include Russia, and that only the overthrow of the Hohenzollerns and the arrival of the armistice prevented its signature.

The delegation says that the story was of German origin, revamped for the purpose of the signing of peace to discredit Japan and poison the public mind against her.

CHANDLER SIX \$1795

The Fact of the Matter

YOU can see for yourself that the Chandler is the most closely priced fine car in the whole American market.

Printer's ink lends itself to the presentation of claims and facts alike. We make it our purpose, in speaking of the Chandler, to deal with facts only.

And this we believe to be the fact, that no other automobile, built so well, built of such good materials, built in such good design, is priced within hundreds of dollars of the Chandler price.

The Chandler motor is truly a

great motor. There is none better. Fifty thousand Chandler owners know it. And countless thousands of their friends and neighbors know it. Now in its seventh year of constant development, without radical change of design, it approximates perfection.

The whole Chandler chassis, simple and sturdy, is dependable and enduring.

And Chandler bodies, graceful in line, roomy and comfortable, luxuriously upholstered and beautifully finished, are suggestive of the best custom work.

The New Series Touring Car

will delight you and your family. It is big and handsome, seats seven grown persons without crowding, and will take you anywhere in comfort.

The Chandler is fast when you want speed. It is flexible and instantly responsive in crowded traffic. It is powerful on steep grades.

LACK OF UNITY COST MONEY, SAYS GOETHALS

WASHINGTON, July 2.—Major Gen. George W. Goethals, former chief of the war department bureau of purchase, storage and traffic, told the special house war investigating committee Tuesday that lack of unity and cooperation between departmental bureaus resulted in unnecessary expense and delay in obtaining supplies needed for the prosecution of the war.

Gen. Goethals said that when he was placed in charge of the quartermaster corps in December, 1917, he recommended to the secretary of war that a minister of munitions be appointed to minister all purchases, but the secretary disapproved the plan.

Gen. Goethals said he then recommended consolidation of purchasing through the creation of a central bureau, but that other bureau chiefs opposed the plan because it would rob them of authority. It was put in operation, however, when Gen. March became chief of staff.

Gen. Goethals expressed vigorous

KANSAS WHEAT FIELDS ARE SHORT OF LABORERS

WASHINGTON, July 2.—Kansas wheat fields are dangerously short of labor, it was declared today in two dispatches from St. Louis and Chicago.

Governor Henry J. Allen telegraphed Kansas congressmen, urging them to use their influence to obtain federal railroad rates to transport harvest hands from St. Louis and Chicago to the fields. The number of men immediately needed was estimated by the governor at 10,000.

Mr. Outley said there was "grave danger of losing a considerable part of the wheat crop" while Governor Allen's telegram said that 25,000 bushels would be destroyed unless men were secured. The Kansas delegation also was urged to obtain foreign labor for Kansas soldiers and sailors, by appealing to the secretaries of war and navy.

NEW YORK ASKS THAT HARRY THAW BE GIVEN UP

NEW YORK, July 2.—Papers executed by Gov. Smith asking for the extradition of Harry K. Thaw from Pennsylvania were mailed today by District Attorney Swann to Gov. W. C. Sirov of Pennsylvania. Thaw is under indictment here charged with an attack on Frederick Trump at the Hotel McAlpin several years ago.

DENIES WILLIE GONE

LONDON, July 2.—The aide to the former German crown prince at Wieringen emphatically denied during a telephone conversation yesterday that the crown prince had left the island, according to an Amsterdam dispatch received by Reuters' L.A.

A Brussels dispatch quoting an Amsterdam telegram stated that the former German crown prince escaped from the island of Wieringen on Sunday.

AGUILAR FAILS TO FIX UP MEXICAN OIL FUSS

NEW YORK, July 2.—Gen. Candido Aguilar, minister of foreign affairs in the Mexican cabinet, will sail Thursday from New York for France without having effected a settlement of the problems involving American oil properties in Mexico, it was learned here today.

After denying reports that he had conferred with oil interests here, Gen. Aguilar declared in a statement today that "this matter is now waiting for solution before the Mexican congress."

"It is my personal opinion that the congress will issue a just and equitable law in which any rights belonging to the companies will be carefully taken into consideration," he said.

CLEMENCEAU ANNOUNCES NEW FRENCH TREATIES

PARIS, July 2.—Premier Clemenceau in introducing the new treaties with Great Britain and the United States in the Chamber of deputies yesterday, said, according to the JOURNAL OFFICIEL: "I have the honor to introduce in my name and in the name of M. Pichon, (the foreign minister) and M. Leygues (the minister of marine), a bill to approve treaties concluded at Versailles on the 28th of June between France and the United States concerning aid to be given France in case of non justified German aggression."

The Premier was interrupted by the

HUN TRADE CONGRESS OPENS AT NUREMBERG

BERLIN, Tuesday, July 2.—The tenth German trades union congress was opened at Nuremberg today with an address by Karl Rudolph Legien, president of the German Federation of Trades unions and one of the German commissioners, who went to Versailles to receive the terms of peace from the allies.

PUBLIC PLACES ARE CLOSED TO GERMANS

VERSAILLES, July 2.—The attaches of the German peace delegation remaining here will be permitted to circulate in the town accompanied by secret service men to prevent incidents. They will not be allowed, however, to enter cafes and other public places.

BOSTON FARES 10 CENTS

BOSTON, July 2.—A 10-cent car fare will be established by the Boston Elevated Railway company July 10, the public trustees of the road announced tonight. The present rate is eight cents. It was five cents when the road was placed under public control last year.

SENECA REACHES HOME AFTER LONG ABSENCE

NEW YORK, July 2.—Survivor of fifteen attacks of German submarines, the United States coast guard cutter Seneca arrived here Tuesday after two years war duty in European waters. She was made the target of many torpedoes, none of which missed her by only a few feet.

The Seneca rescued more than 100 persons from other less lucky ships which were sent to the bottom by the German undersea boats. Ten of her own crew perished while trying to beach the British steamship Welling-ton, torpedoed in the Bay of Biscay last September.

The Seneca had as passengers seventeen American soldiers.

BALTIMORE DOES RUSHING BUSINESS

BALTIMORE, Md., July 2.—All roads from Virginia and Washington, D. C., led to Baltimore Monday and when the hundred or more bottle goods houses closed doors on long lines of disappointed waiters at a clock this morning numbersless automobiles sped southward with liquor stored in a variety of secret recesses and pockets in the machines.

Several of the big retail establishments sold out completely.

The eleventh hour order permitting sale of 2% per cent beer and wine placed proprietors of many cafes and saloons in a quandary. Most of them laid with the view of perfecting plans for participation by the federal government in the celebration of the 30th anniversary of the landing of the Pilgrims at Plymouth was announced Tuesday night by Vice-President Marshall and Speaker Gillett.

Senators Harding, Ohio, and Underwood, Alabama, were named by the vice president, and Representatives Walsh, Massachusetts; McArthur, Oregon; Doremus, Michigan, and Whaley, South Carolina, by the speaker. The selections were made under authority of a resolution adopted by the senate and house.

NATION TO HONOR TIME OF PILGRIM ANNIVERSARY

WASHINGTON, July 2.—Appointment of a special congressional committee to confer with Massachusetts state officials and the federal government for participation by the federal government in the celebration of the 30th anniversary of the landing of the Pilgrims at Plymouth was announced Tuesday night by Vice-President Marshall and Speaker Gillett.

Senators Harding, Ohio, and Underwood, Alabama, were named by the vice president, and Representatives Walsh, Massachusetts; McArthur, Oregon; Doremus, Michigan, and Whaley, South Carolina, by the speaker. The selections were made under authority of a resolution adopted by the senate and house.
